The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. STOMACH LIVER LUNGS
Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.
The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.
GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Messrs. Ridgill and Burns.
Thousands of people have stomach trouble, constipation, indigestion, sick headache, etc., and don't know what to do for it. Perhaps the experience of Mr. Ridgill, postmaster at Bruceville, Texas, and Mr. Burns Wabash R. R. engineer, Bement, Ill., will suggest a method. Both of these men take pleasure in saying that they cured themselves with Dr. Caldwell's Syrup Pepsin. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello Ill. Crowds Going to Circus.
A great many Hondo people are going to San Antonio on Saturday, October 7th to the Ringling Bros.' Circus. It will be the only opportunity this year and the railroads are preparing to handle thousands of visitors from the surrounding territory.
Ringling Brothers have made many important improvements since they last appeared in this part of the country. At Madison Square Garden, New York, where the season began, the performances were attended nightly by the biggest crowds that ever saw a circus in Manhattan, and the newspapers were not backward about saying that the Ringling Brothers were presenting, in every respect, the best entertainment of the kind ever given there. The performances in San Antonio will be identical with those given in the Garden, not the slightest change having been made in the long program.
The circus offered this year is one of wonderful novelty. Instead of the usual single thriller presented by other circuses, the Ringling Brothers are heading their bill with no less than seven of the greatest and most sensational acts that have ever been presented anywhere on earth.
The parade will be given in the forenoon. It will far surpass the brilliant pageants which the Ringling Brothers have given in past years, having been entirely rebuilt in the foreign workshops of the show at Liverpool, England.

One Million Dollars for a Good Stomach

This Offer Should Be a Warning to Every Man and Woman.
The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.
This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.
His misfortune serves as a warning to others.
Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.
Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.
We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.
We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomach, indigestion, and dyspepsia.
We want you to try them and will return your money if you are not more than satisfied with the result.
Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Willmann & Martin.

More Than Enough is Too Much.
To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by all dealers.
"It doesn't take much to please some men; there are tramps who like that sort of life."
Children that are pale, sickly and peevish, with dark rings under the eyes, fickle appetite, and who appear to get no nourishment from the food they eat are surely suffering from worms. Give them WHITE'S CREAM VERMIFUGE and note the wonderful improvement. They soon take on flesh and are rosy, active and cheerful. Price 25c per bottle. Sold by W. H. Windrow.

"In going back to Nature, don't go so far that there won't be a bath tub available."
The best plaster A piece of flannel dampened with a Chamberlain's Liniment and bound on over the affected part is superior to a plaster and costs only one tenth as much. For sale by all dealers.
"Speaking of the rapid deterioration of property, there is one boy's school book."
Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by all dealers.

Throughout the many stages of woman's life, from girlhood, through the ordeals of motherhood to the declining years, there is no safer or more reliable medicine. HAVE HIGHEST RECOMMENDATION
S. A. Davis, 627 Washington St., Connersville Ind., is in his 55th year. He writes us: "I have lately suffered much from my kidneys and bladder. I had severe backaches and my kidney action was too frequent, causing me to lose much sleep at night, and in my bladder there was constant pain. I took Foley Kidney Pills for some time, and am now free of all trouble and again able to be up and around. Foley Kidney Pills have my highest recommendation."

A Morning Reminder.
You awake with a mean, nasty taste in the mouth, which reminds you that your stomach is in a bad condition. It should also remind you that there is nothing so good for a disordered stomach as Chamberlain's Stomach and Liver Tablets.
They build up the system, assist nature to restore natural conditions, and are so gentle in their action that one hardly realizes a medicine was taken. Chamberlain's Tablets are sold everywhere. Price 25c.

SHE IS NOT FAIR.
She is not fair to outward view,
As many maidens be.
Her loveliness I never knew
Until she smiled on me.
Oh, then I saw her eye was bright,
A well of love, a spring of light!
But now her looks are coy and cold,
To mine they never reply.
And yet I cease not to behold
The love light in her eye.
Her very frowns are fairer far
Than smiles of other maidens are.
—Coleridge.

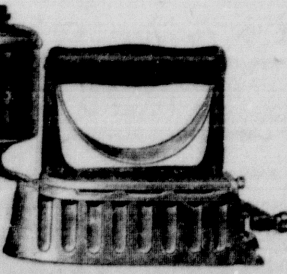

SOME folks blow about what they are going to do and some deliver the goods.

THE Hondo Anvil Herald has just completed its twenty-fifth year and continues one of the best weeklies in the State under the capable management of Editor Fletcher Davis. Here's hoping that the paper and the present editor will live to celebrate the golden anniversary.—The Barnhart Book.

HONDO Anvil Herald says the paper is issued early to enable the printers to enjoy the "jubilee". Time was, and not so long since, when the printers enjoyed [?] their jubilees without regard to the date of publication. They called it "jam-boree," however.—Alpine Guide. Cousin Bill only has reference to those Awful Alpine printers. He doesn't know the sober and saintly character of the artizans of the art/preservative in Heavenly Hondo!

Good roads are essential to the development and advancement of any country. When new territory is developed and new enterprises are launched one of the first essentials to the rapid accomplishment of whatever undertaking it may be is the building of good roads. Hondo should wake up to this important fact and see to it that a good road is opened from here to the damsite on the Medina River without any unnecessary delay. Other places are looking to this end and unless Hondo looks to her own interests traffic that of a right belongs to her will be diverted elsewhere. Here is the place for our dormant Commercial Club to wake up and do something for the good of the town.

Iron without Fire

You heat the iron—not the stove. Iron in a cool kitchen, on the back porch, or in the shade of a tree. No changing of irons or handles. No stuffing the stove with fuel. No tiresome trotting to and fro. Down in the body of your iron 150 little holes in the feed pipe are shooting out 150 darts of flame. These keep the iron hot—you keep cool. The improved

MONITOR SAD IRON
changes ironing day drudgery to pleasure. Saves money, time, strength, worry and health. Ordinary ironing costs only 1¢ for fuel. Pays for itself four times over each year. Used in over 350,000 homes. One woman writes: "Worth its weight in gold." Made of finest material, handsomely nickel plated. Guaranteed to work properly if operated according to instructions. Demonstrations cheerfully made in your own home. Used with care will last for years

ONE would conclude from reading some of the papers that Medina County's Commissioners Court had held a business session on the grounds of the Medina Irrigation Company at the damsite a couple of Sundays ago and formally and officially declined to co-operate with the Company and with Bexar County's Commissioners in building roads in the vicinity of the dam. Nothing is further from the truth. In the first place, the court is not in the habit of holding business sessions on Sunday. And in the second place, no formal application has ever been put up to our Commissioners as a Court that we have heard of. The members of that court were among the guests of the company at a dinner given recently to some fifty odd other guests, and during the day the subject of roads as well as many other things connected with the mammoth project were informally discussed. But no formal action on the matter has been taken by the court for the good reason that no proposition has been before the court. When it is formally presented to the Court that body can be depended upon to act intelligently and honestly upon it and for the best interests of all concerned.

Mr. Smith Saved Over \$100
Two years ago, Mr. Grant Smith, Erie, Pa., painted three frame houses, and the woodwork of a brick house. The painter estimated \$116.50 for the paint, lead-and-oil.
He bought Devoe \$97.40 and returned \$11.60. Saved \$31.10 on the paint.
Don't know the cost of the work. By the rule, the saving of labor would be from \$60 to \$90.
On all, from \$90 to \$120.
This is the tale, as it comes from Messrs. W. F. Nick & Son, Devoe agents there for 40 years.

Two deeds of conveyance were filed in the County Clerk's office last week that probably show the largest cash consideration of any real estate transfers ever recorded in the deed records of Medina county. One of these was the transfer of 2325 3-10 acres of land from C. M. Thompson and Mrs. Lizzie C. Adams to Franz C. Gross, Wm. Aubrey and Leroy W. Baldwin for a cash consideration of \$93,000.00. The other was the transfer from Alexander B., W. M. and J. A. Williamson to the transferees above named of 954 acres of land for a consideration of \$27,666. The transferees named are trustees for the Medina Irrigation Company and purchase these lands for that corporation. The property is located near Devine.

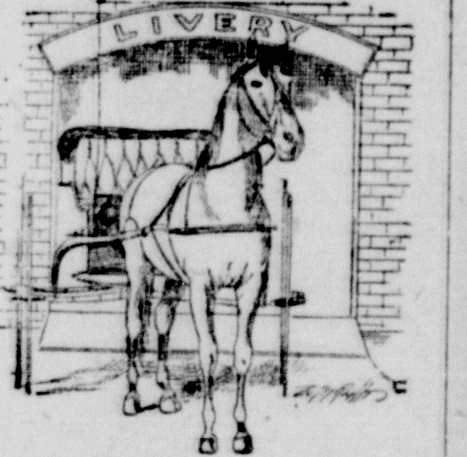

Mr. and Mrs. T. H. Reynolds returned Tuesday from a protracted visit to their former home in Connecticut. They report a highly enjoyable trip and noted many improvements in that country since leaving it in their young days.

We inadvertently failed to mention one of the best exhibits of the recent carnival which was the mechanical exhibit of Geo. W. Cameron and Roswell Ward. It also gave many their first opportunity to see a working model of Mr. Cameron's patented cotton packer.

Ringling Bros. Show.

Announcement is made that on Saturday, Oct. 7th Ringling Brothers' World's Greatest Shows will give two performances in San Antonio.

As in past years Hondo will send its percentage of the surrounding country to swell the throngs. This is the greatest of American circuses in every sense of the word, and an event not to be overlooked by the lovers of wholesome amusement.

For many years the Ringling Brothers have maintained the most popular as well as the best show. This year they are more than ever giving patrons their money's worth. Among the many great attractions under the twelve acres of canvas are Prof. Emory's troupe of trained baby elephants, the wonderful Schuman performing horses from the Circus Schuman, Germany; "Toque" the dog marvel of England which does a somersaulting performance on the back of a swiftly running horse; the wonderful Alex family of French aerialists; the great Crocker family of Gypsy riders; the Deltorell family of Hungarian clowns, once entertainers in the court of the Shah of Persia; the Bonsetti family of Italian acrobats, the Castrillon family of Spanish acrobats; the Hodgini family of Italian equestrians, and the fifty greatest clowns on earth.

In the menagerie is found Tiny Tom Tinker, the smallest elephant ever seen in America. In all there are forty elephants and 1,200 other wild beasts, comprising the rarest of zoological specimens. The morning parade is the greatest street spectacle ever devised for circus purposes. There are three miles of it and every mile a mile of wonders.

Ringling Brothers' circus is twenty-eight years old. It began its career as a one-horse affair in Baraboo, Wis., when the now famous brothers were scarcely more than children. In the face of the bitterest opposition it grew into the greatest amusement institution the world has ever known. Its files extend over the entire earth. It has offices in every capital of Europe and Asia and foreign workshops near Liverpool. It employs over 2,000 people, 1,286 of whom travel with the show.

Biliousness is due to a disordered condition of the stomach. Chamberlain's Tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse it, strengthen it, tone and invigorate it, to regulate the liver and to banish biliousness positively and effectually. For sale by all dealers.

Enemies of Matrimony.

Wedlock seems to be in a bad way in the mountains of the Dauphine. The confirmed bachelors of the country have decided to meet every month and toast celibacy. Invitations are sent out with the information: "Good feeding, good drinking, much laughter, much dancing."

An added insult to matrimony is that the invitations have been sent to all spinsters who have "put on St. Katherine's cap;" that is to say, who are over 25, and are therefore presumed to be on the high road to old maidenhood. The confirmed bachelors announce their intention of eating, drinking, laughing and dancing with the old maids every month. But their very hardness may be their undoing.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by W. H. Windrow.

Foley's Kidney Remedy vs. a Hopeless Case

Hon. Ark. J. E. Freemann says: "I had a severe case of kidney trouble and could not work and my case seemed hopeless. I used several well known kidney remedies, and had the services of a doctor, all of which gave me no relief. One large bottle of Foley's Kidney Remedy cured me and I have never been bothered since. I have also recommended it to my friends who all received the same good results." Willman & Martin.

"It is the wisest thing to keep regular hours, but don't keep them in irregular living."

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by all dealers.

Put One Eye Out.

Suffered 36 years from Skin Disease.

I suffered from a skin disease for 36 years, and about six months ago it attacked one of my eyes and put it out. After it was too late, I got a box of Hunt's Cure and began to use it, and I must say that it is the best remedy I have used in 36 years, and I believe it will cure any skin eruption.

District Court, at the next regular term thereof, to be held in the County of Medina, at the Court House thereof, in Hondo, Texas, on the 8th Monday after the first Monday in September, the same being the 30th day of October, A. D. 1911, then and there to answer a Petition filed in said Court, on the 5th day of September, A. D. 1911, in a suit numbered on the docket of said Court No. 1665, wherein M. S. The nature of the plaintiff's demand being as follows, to-wit: That the plaintiff is the legal and equitable owner of 791 acres of land, known as Survey No. 763½, on the waters of Deer Creek, a tributary of the Rio River, about 12 miles South of the town of D'Hanis, in name of Heirs of Joice O'Donovan. Plaintiff says that he has title through Deed from F. B. Webb, as agent for Ellen O'Donovan; and deed from heirs of Joice O'Donovan to D. F. Webb, dated August 2nd, 1866, conveying Certificate No. 58, Class 2nd, issued by the Board of Land Commissioners of Victoria County, for 1280 acres to the said Webb, as agent for Ellen O'Donovan, and the heirs of Joice O'Donovan, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 24, on pages 372 and 373. Deed from

J. M. Carnes, as Attorney in fact for D. F. Webb, to T. J. Johnson, dated September 1st, 1891, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 24, on pages 374 and 375. Deed from D. F. Webb, to M. E. Johnson, dated February 22nd, 1891, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 25, on pages 213 and 214; and a deed from T. J. Johnson and wife, M. E. Johnson, to this plaintiff, dated May 7, 1895, conveying the above described land, which said deed is of record in the Deed Records of Medina County, Texas, in Book A., No. 27, on page 488.

Plaintiff further alleges and claims that he has good and perfect title to said land and premises, under and by virtue of the Statute of limitation of three years, for the reason that plaintiff, and those under whom he claims, by conveyance, have had peaceable and adverse possession thereof under title or color of title, for more than three years prior to the institution of this suit.

Plaintiff further alleges and claims that he has good and perfect title to said land and premises under and by virtue of the Statute of limitation of five years for the reason that plaintiff, and those under whom he claims, have had peaceable and adverse possession of said land and premises, cultivating, using and enjoying the same and paying all taxes due thereon, and claiming under a deed or deeds, duly registered in said Medina County, as aforesaid, for more than five years prior to the institution of this suit; Said deed from T. Plaintiff further alleges and claims that he has a good and perfect title to said land and premises under and by virtue of the Statute of Limitation of ten years, for the reason that plaintiff, and those under whom he claims, have had peaceable and adverse possession of said land and premises, cultivating, using and enjoying the same for more than ten years prior to the institution of this suit.

Plaintiff brings this suit for the purpose of determining the estate and interest, if any, of each and all of the Heirs of the said Joice O'Donovan and Ellen O'Donovan, the defendants herein, in and to said land; and that Court may grant the title to said land and premises unto plaintiff free of any and all claim or claims or pre-empted claims of said defendants or anyone claiming under them so as to settle the decree of Court the title to said land and to remove all cloud therefrom.

Wherefore, plaintiff prays that the residence of whom are unknown plaintiff, be cited by publication as prescribed by the statutes of this State; and that upon a final hearing that plaintiff have judgment and decree of Court, declaring and adjudicating title to the above described land and premises to be in plaintiff free of any and all claims in favor of said defendants or any of them, or of any person claiming under them and for such legal or equitable, to which plaintiff may be justly entitled.

SOV. COLQUITT TO OPEN FAIR

AT SAN ANTONIO ON NOVEMBER THE 3RD.

Governor Will Deliver Short Addresses at Fair After Termination of Big Parade.

San Antonio, Tex.—Arrangements have been made for Governor Colquitt to open the International Fair at San Antonio, November 3 to 12. The Governor will likely journey to San Antonio on the evening of Thursday, November 2, rest over night and be fresh for the opening exercises on Friday, November 3.

With him will be members of his staff. Governor Colquitt, riding with the president of the Fair Association, will head the opening day parade. Immediately following will come the members of the Governor's staff and all the Fair directors. Plans are for a monster parade to mark the opening of the Fair, including a display of military men and equipment, which can be seen in no other place but San Antonio.

Governor Colquitt will deliver a short address at the Fair grounds after the termination of the parade, and there will be some other speakers, among them directors of the Fair Association.

FREE OPEN AIR FEATURES.

Free Shows, Free Band Concerts and Other Music at International Fair This Year.

San Antonio, Tex.—Realizing that to please people they must be amused, directors of the International Fair have this year provided more amusement in the way of free open air features, free shows, free band concerts and other music than ever before. These men argue that after the people are attracted to the Fair they must be entertained, otherwise they will leave dissatisfied—a bad advertisement for any enterprise, not excepting an exposition, such as the Fair.

Accordingly all sorts of free amusements will be on the grounds, Paine, the man celebrated for his handling of fireworks, will be present every evening with something new, novel and pleasing in fireworks for the crowds to see. Then there will be much open air vaudeville, daring feats, and music of every sort to attract at all times of the day and evening.

Everything will be done to promote the comforts of the visitor. There will be drinking stands in abundance, shades, and thousands of park benches and other convenient seats. There will be plenty to interest on the pike among the midway shows, and free races will hold the attention from the race track from time to time.

MACHINERY HALL FILLING UP.

Already Space is at a Premium—Some Novel Displays Will Be Seen in This Line This Year.

San Antonio, Tex.—Already space is almost at a premium in the Machinery Hall—space for the display of machinery exhibits during the International Fair, November 3 to 12, inclusive. The directors of the Fair Association say never before has this exhibition hall filled so quickly.

In the main machinery hall there will be myriads of pumps, engines, dynamos and machinery of every kind—and in most instances this machinery will be running, thus giving the people from the distant points opportunity of seeing machinery actually working, as it does in the factory. Several firms are planning some novel effects, "eye-catchers," for their exhibits.

In the annex to the Machinery Hall will be all the buggies, wagons, automobiles and vehicles of every sort, plows, cultivators and all imaginable farming and gardening implements. It is asserted by those who know that this fall a bigger and better display of all these articles will meet the eyes of the visitor than was ever before attempted to arrange in Texas.

However, it is expected that all who desire can be accommodated with the proper floor space for exhibition purposes in the Machinery Hall.

BABY SHOW AT FAIR.

Money Prizes Offered Fond Mothers of Fine Babies at the Fair This Year.

San Antonio, Tex.—If there is one thing the International Fair management is more eager about than any other is the holding during the great exposition of a baby show. The directors say it is not right to encourage the raising of fine live stock, fine poultry and the like and not encourage the raising of fine babies. Accordingly substantial money prizes and attractive awards have been offered to the fond mothers of the State.

Past experience has been that much interest was aroused in the showing of infants. The outlook is for even more interest this year. There will be a nursery room where mothers with small children may check their offspring in much the same manner as baggage, and go about enjoying the Fair, resting assured that their children will be cared for properly and with pleasure. This day nursery will be used as an exhibition room for the babies when the show starts. Many mothers have already expressed intentions of sending their precious ones in the contest for money and blue ribbons.
